

Saugus Union School District

Excellence in Elementary Education

****We Need Your Input!***

**You're Invited to Our
Local Control Accountability Plan
(LCAP)
Community Meetings**

California school districts have been given more flexibility in how they spend their resources to promote student achievement. The LCAP provides details on how we will use our resources by creating goals and actions to support our students and student subgroups. Each school year, our LCAP is revised and it is important to have input from our stakeholders.

We hope you can join us at **ONE** of our community meetings.
Each meeting will provide the same LCAP information.
